Building an Adoption Competent Workforce

Adoption Competent Mental Health · https://bridges4mentalhealth.org/hub/adoption-competence/building-an-adoption-competent-workforce/

Summary: This article summarizes evidence demonstrating the need for adoption competent mental health services and describes the development of the National Adoption Competency Mental Health Training Initiative that produced two state-of-the-art, web-based trainings designed to build the capacity of child welfare and mental health professionals in all states to better understand and address the mental health needs of foster, adoptive, and guardianship children and families.

Application: This article provides authoritative information about the NTI training, of value to any audiences interested in learning about current efforts to build both child welfare and mental health workforce capacity to meet well-documented needs.
