Foster Care Centers of Excellence

Adoption Competent Mental Health · https://bridges4mentalhealth.org/hub/adoption-competence/foster-care-centers-of-excellence/

Foster Care Center of Excellence" (FCCOE) is a title granted by Coordinated Care to medical centers offering specialized, trauma-informed care to families involved in child welfare. These centers uphold rigorous standards, meeting over 50 criteria to earn this designation.

At an FCCOE, children and youth in foster care receive top-tier primary care from providers who comprehend the distinct challenges faced by these families and participants in Coordinated Care's Apple Health Core Connection program. The healthcare team collaborates closely with parents and caregivers to prioritize the wellbeing of the children under their supervision.
