How can we improve placement stability for children in foster care?

Adoption Competent Mental Health · https://bridges4mentalhealth.org/hub/adoption-competence/how-can-we-improve-placement-stability-for-children-in-foster-care/

This resource highlights promising approaches that can have a positive impact on placement stability. It is a companion piece to The Importance of Placement Stability, also in the Knowledge Hub. An important strategy to improving placement stability is to address children's behavioral and mental health needs.
