National Needs Assessment: Mental Health Services for People with Intellectual Developmental Disabilities

Access to Mental Health Services · https://bridges4mentalhealth.org/hub/access-to-mental-health-services/national-needs-assessment-mental-health-services-for-people-with-intellectual-developmental-disabilities/

This resource presents findings on the need for mental health services for those with intellectual and developmental disabilities. It presents common barriers to accessing treatment and the specific needs of this particular population when it comes to accessing mental health services. This resource can be applied to those working in mental health systems or other systems that care for and provide resources for those with IDD.
