State Policies that Impact the Design of Children’s Mental Health Services: A Modified Delphi Study

Access to Mental Health Services · https://bridges4mentalhealth.org/hub/access-to-mental-health-services/state-policies-that-impact-the-design-of-childrens-mental-health-services-a-modified-delphi-study/

This study reviews research to support which state policies are most important when designing a mental health program for children. It reviews key findings and offers insights and conclusions based on these findings. It can be applied to those working in the mental health system, those advocating for mental health policy, and those supporting youth with treatment.
