Youth Mental Health Academy

Access to Mental Health Services · https://bridges4mentalhealth.org/hub/access-to-mental-health-services/youth-mental-health-academy/

The Child Mind Institute has founded several programs that increase mental health access worldwide by fostering the next generation of mental healthcare professionals. The program’s goal is to increase representation in the mental health field amongst groups who have historically lacked access to mental health care services — including those who have experienced foster care, the juvenile justice system, homelessness, or poverty. It also aims to cultivate a future generation of mental health care providers who are skilled to meet the needs of unique populations.
