# Data Sharing for Child Welfare Agencies and Medicaid Toolkit

Collaboration Between Systems and Coordination of Services · https://bridges4mentalhealth.org/hub/collaboration-between-systems-coordination-of-services/data-sharing-for-child-welfare-agencies-and-medicaid-toolkit/

This resource guides creating automated, bi-directional data exchanges between their information systems. The toolkit outlines key data categories for exchange, such as demographics, foster care placement details, income data, and Medicaid eligibility information, to support Medicaid eligibility determinations and enhance coordination of care. It also discusses cost allocation considerations, emphasizing that Title IV-E funding may be available for certain costs associated with data sharing, while Title XIX Medicaid funding may cover other related expenses.
