Establishing and Using Bidirectional Data Sharing

Collaboration Between Systems and Coordination of Services · https://bridges4mentalhealth.org/hub/collaboration-between-systems-coordination-of-services/establishing-and-using-bidirectional-data-sharing/

Medicaid hosted a webinar titled "Establishing and Using Bidirectional Data Sharing" and this is the slide deck for it. The webinar focused on enhancing collaboration between state Medicaid and child welfare agencies to improve healthcare access for children and youth in foster care. It highlights the importance of data-sharing partnerships in facilitating timely care and discusses experiences from Oregon and Washington states. The session is part of a broader initiative by CMS and the Children's Bureau to support quality improvement and measurable health outcomes for Medicaid and CHIP beneficiaries.
