Science for Behavioral Health Systems Change: Evolving Research-Policy-Public Partnerships

Collaboration Between Systems and Coordination of Services · https://bridges4mentalhealth.org/hub/collaboration-between-systems-coordination-of-services/science-for-behavioral-health-systems-change-evolving-research-policy-public-partnerships/

This resource emphasizes the importance of building strong relationships between researchers, policymakers, and community members to create more effective behavioral health systems. A case sample is provided which illustrates an example of how to build a strong relationship. This resource can be applied to any of the above listed populations, or those working in a behavioral health system.
