The Suicide Prevention Resource Center (SPRC) is the only federally supported resource center devoted to advancing the implementation of the National Strategy for Suicide Prevention. SPRC is funded by the U.S. Department of Health and Human Services' Substance Abuse and Mental Health Services Administration (SAMHSA).

SPRC advances suicide prevention infrastructure and capacity building through:

- Consultation, training, and resources to enhance suicide prevention efforts in states, Native settings, colleges and universities, health systems and other settings, and organizations that serve populations at risk for suicide.
- Staffing, administrative, and logistical support to the Secretariat of the National Action Alliance for Suicide Prevention (Action Alliance), the public-private partnership dedicated to advancing the National Strategy for Suicide Prevention.
- Support for Zero Suicide, an initiative based on the foundational belief that suicide deaths for individuals under care within health and behavioral health systems are preventable. The initiative provides information, resources, and tools for safer suicide care.
