Collection – Behavioral Health Initiatives, Broken Down by State

Children's Hospital Association (CHA) compiled a behavioral health initiative tracker containing data on state-funded efforts. The tracker outlines the following information for each state initiative included:

- Initiative or program's name
- Priority area (i.e., Medicaid rates, prevention, infrastructure investment and capacity, parity, telehealth as a solution, or investments in outpatient and community-based services)
- Funding amount allocated
- Link to state budget document referenced
- Other noteworthy details
