Child Welfare Financing Survey

Data · https://bridges4mentalhealth.org/hub/data/child-welfare-financing-survey/

Collection – Child Welfare Financing Survey SFY2020

This is Child Trends' 12th collection of child welfare agency expenditures. Each state has a unique funding composition that influences what services are available to children and families and how child welfare agencies operate.

Reports – Numerous related reports are listed here. Items listed include the full report of data, selected sections based on funding source, state-specific profiles, and analytic reports examining features of funding.

State-level Data for Understanding Child Welfare in the United States, where state-specific custom reports can be created is found here.
