State-level Data for Understanding Child Welfare in the United States

Data · https://bridges4mentalhealth.org/hub/data/state-level-data-for-understanding-child-welfare-in-the-united-states/

This webpage provides state and national data on child maltreatment, foster care, kinship caregiving, permanency, and older youth in care. The data are essential to help policymakers understand how many children and youth come in contact with the child welfare system, and why. States can use this information to ensure that their child welfare systems support the safety, stability, and well-being of all families in their state.
