What should every child protection agency do to ensure that children are placed with kin?

Kinship Care · https://bridges4mentalhealth.org/hub/kinship/what-should-every-child-protection-agency-do-to-ensure-that-children-are-placed-with-kin/

This brief describes three key principles for prioritizing and supporting kinship placements in child welfare:

1. **Advance a kin-first culture**
2. **Provide supports for children, their parents, and kinship caregivers**
3. **Identify and provide community-based supports**

It offers questions to help child protection agency leaders further explore how they might apply these principles to improve the permanency and well-being of children in kinship care and their families.
