Peer Connect: The First & Only National Youth Peer Support Workforce Certification Training and Accreditation Program

Peer Support · https://bridges4mentalhealth.org/hub/peer-support/peer-connect-the-first-only-national-youth-peer-support-workforce-certification-training-and-accreditation-program/

Youth MOVE National’s Peer Connect program is the first national youth-specific peer support certification, accreditation, and workforce development model, designed to prepare young people with lived experience for professional youth peer support roles while helping organizations build sustainable, high-quality peer support programs. The program combines training, supervision, accreditation, implementation support, and continuous quality improvement to strengthen the youth peer workforce and expand youth-led, trauma-informed services across behavioral health and other youth-serving systems.
