Congregate Care in the Age of Family First

Residential Treatment Programs · https://bridges4mentalhealth.org/hub/residential-treatment-programs/congregate-care-in-the-age-of-family-first/

Child welfare administrators, managers, and others working with children and youth in congregate care can use this brief to gain foundational information for implementing the FFPSA provisions regarding appropriate use of congregate care and qualified residential treatment program (QRTP) assessment, see examples of how these provisions have been implemented, and review possible next steps.
