Investing in Community-Based Care for Children and Youth Involved with Child Welfare

Residential Treatment Programs · https://bridges4mentalhealth.org/hub/residential-treatment-programs/investing-in-community-based-care-for-children-and-youth-involved-with-child-welfare/

This publication references five key factors (and related resources) that can support an integrated continuum of care:

- Community collaborations
- Funding innovations
- Assessment and placement decisions
- Service array and continuum
- Connections and relationships with caring adults
