Best Practices and Tools to Establish Implementation Teams

Technical Assistance · https://bridges4mentalhealth.org/hub/technical-assistance/best-practices-and-tools-to-establish-implementation-teams/

The *NIRN Practice Guide: Implementation Teams* offers comprehensive guidance on forming and sustaining effective implementation teams to drive equitable and lasting change within organizations and systems. Developed by the National Implementation Research Network (NIRN), the guide emphasizes the pivotal role of implementation teams in overseeing and continuously improving programs or practices.
