Dynamic Implementation Teams: Figuring Out What Works When Working Together

Technical Assistance · https://bridges4mentalhealth.org/hub/technical-assistance/dynamic-implementation-teams-figuring-out-what-works-when-working-together/

The Dynamic Implementation Teams Toolbox from The Center for Implementation aims to enhance implementation science by optimizing team dynamics. It offers strategies and resources to foster effective collaboration and leadership within implementation teams, supporting the successful integration of new practices and interventions in various settings. The toolbox emphasizes adaptable approaches tailored to the complexities and challenges of implementing evidence-based practices in real-world contexts.
