Implementation Teams Overview

Technical Assistance · https://bridges4mentalhealth.org/hub/technical-assistance/implementation-teams-overview/

The Implementation Teams Overview (Module 3) from the Active Implementation Hub, developed by the State Implementation & Scaling-up of Evidence-based Practices Center (SISEP) and the National Implementation Research Network (NIRN), provides comprehensive guidance on forming and sustaining effective Implementation Teams within educational systems. This resource reviews the core functions of an Implementation Team, establishing and sustaining these teams, and how to integrate the team in an Active Implementation Framework.
