National American Indian and Alaska Native Childhood Trauma Treatment Center

American Indian/Alaska Native Tribal Nations · https://bridges4mentalhealth.org/hub/tribal-communities/national-american-indian-and-alaska-native-childhood-trauma-treatment-center/

The Center aims to strengthen national infrastructure and expand the Native and non-Native workforce to prevent, reduce, and treat the effects of Adverse Childhood Experiences (ACEs) while promoting wellness and resilience among American Indian and Alaska Native children and families. Through a multi-faceted approach—including training, technical assistance, storytelling, tele-mental health, and youth leadership programs—the Center focuses on early childhood and adolescence as critical windows for prevention and healing.
