Continuum of Family Partnership: What Does it Look Like in Residential Care?

Engagement of Lived Experience · https://bridges4mentalhealth.org/hub/youth-family-engagement/continuum-of-family-partnership-what-does-it-look-like-in-residential-care/

Summary: This one-page resource describes the importance of family partnership in treatment programs and facilities. The continuum supports integrating family voices at an organizational, programmatic, and individual level.

Application: This document can help guide and support the full integration of family partnership in treatment facilities.
