Family-Driven Resources

Engagement of Lived Experience · https://bridges4mentalhealth.org/hub/youth-family-engagement/family-driven-resources/

Summary: A library about family voice and family-driven care. You can learn more about how family peer specialists support caregivers and families in these stories from families and take the free, self-paced course on family involvement in the evaluation of mental health.

Application: These links would be excellent for families and providers. There is something here for everyone, including a free training course.
